

Express-Scripts, Inc.

Manufacturers' Forum – Georgia Department of Community Health

ANNOUNCEMENT

On behalf of the Georgia Department of Community Health (GDCH) and in service to the Drug Utilization Review Board (DURB), Express-Scripts, Inc. (ESI) announces the Manufacturers' Forum.

Date: Thursday, November 9, 2006 (9:00am-5:00pm CDT)

**Location: Express-Scripts, Inc.
6625 W. 78th Street
Bloomington, MN 55439**

Conference Room 1-13 or via Web-Cast

Appointments: Manufacturers will be limited to one 30-minute presentation time segment, beginning on the half hour, on a first come-first serve basis, by appointment only. Appointments may be made through **Angie Graham at (770)-552-3791.**

Guidelines for Participation:

- To ensure equitable treatment of all manufacturers, individual manufacturer participation shall be limited to one 30-minute presentation time segment per forum.
- Manufacturer presentations may be audio-recorded (for review after the forum) and the associated material information shall be presented by ESI in summary fashion at regularly scheduled DURB meetings.
- Manufacturers are encouraged to present new and existing clinical information pertinent and relevant to current ESI clinical presentations to the DURB, as posted on the GDCH web-site.
- Manufacturers are encouraged to present new and existing clinical information pertinent and relevant to the current GDCH drug benefit-plan designs.
- Manufacturers are encouraged to present clinical information for new drug agents in the Food & Drug Administration approval process or for recently approved agents.

Comments and Inquiries:

- Manufacturers that do not choose to participate in the Manufacturers' Forum, yet have comments related to the GDCH drug benefit-plan designs should submit them in writing to the address below.
- Manufacturers that do not choose to participate in the Manufacturers' Forum, yet have inquiries related to GDCH drug benefit-plan designs may inquire at the address and phone number below.
- Manufacturer comments and inquiries relevant to DURB clinical discussions shall be presented by ESI in summary fashion at regularly scheduled DURB meetings.
